Re: Civil Action 80-73699 Consent Decree

This letter is in response to your letter of November 13, 1987 in which, through reference to Sections IX and V B.5 of the above referenced Consent Decree, BASF Wyandotte Corporation gives notice of its intent to discontinue chemical analysis for PCB's (polychlorinated biphenyls) as of January 31, 1988.

In a letter dated July 14, 1987 to Mr. C. W. Axce, General Manager at BASF Corporation, the U.S. Environmental Protection Agency (U.S. EPA) has already approved such an intention. A copy of this letter is enclosed.

Should you have any questions, please do not hesitate to contact me at (312) 886-4885.

Sincerely,

Bonnie L. Eleder
